

YOU ARE THE MISSILE

You fire a missile — and then **you are the missile**. Steer it with your mouse into the other players.

1 Get the game

WINDOWS PC

Scan with your phone, or [click here](#). Run **YoureTheMissile-Setup.exe**.

Blue "Windows protected your PC" box? **More info**, then **Run anyway**.

MAC

Scan, or [click here](#). Open **YoureTheMissile-Mac.dmg** and drag the game into **Applications**.

Signed and checked by Apple, so it opens like any other Mac app.

Then start **You Are the Missile** from the Start menu (Windows) or Applications (Mac). All downloads and a gameplay video: 3wcircus.com/urthemissile

2 The first screen: pick how to play

Type a name in the box — or click RANDOM.

SINGLE PLAYER **Start here.** You against computer players, to learn. Leave every choice as it is and click **GO!**

JOIN Play online with real people: click JOIN, then **CONNECT**. The address is already filled in, and there is always a game on.

HOST Only for running a game of your own. Skip it for now.

Online, you start out **watching**

3

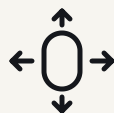

The top of the screen says SPECTATING. To play, press the **Esc** key (top-left corner of the keyboard), then click **ENTER GAME**. In a team game, then pick a side.

4 Fire, fly, hit

Click the left mouse button. Your missile takes off and the camera rides with it.

Move the mouse to steer. Fly into another player: that's a point.

Back to your body: press W, A, S or D. They also walk you around.

While you fly, your body stands still out in the open. Crashing near yourself can blow you up too.

The six games

Online the game changes every match – the end screen says what's UP NEXT.

TEAM DEATHMATCH

Red against Blue across the canyon. Fly your missile into an enemy: a point for your team.

ROCKET QUEEN

Everyone for themselves. Hit the Queen to take her crown – only the Queen scores.

GAUNTLET BATTLE

Fly through gold rings to claim them. Right click boosts. Claimed rings turn red: keep out of others'.

PRECISION GAUNTLET

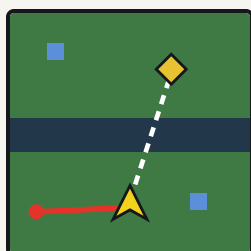

Take turns. Fly through every ring in order, against the clock. Right click boosts.

MISSILE COMMAND

Team up to guard six cities. Left click fires at falling warheads; hold right click to laser the spiders (it recharges).

ROCKET RALLY

A race. Steer with the mouse **or the keyboard** (A / D), boost with right click or Space, S to brake. Save a boost for every loop.

The map, top right

Yellow arrow – you.

White line + metres – where this game wants you to go.

Red line – a missile is about to hit you. Move!

The dark band is the canyon.

Good to know

Don't fall into the canyon between the two sides.

Online, matches roll on by themselves.

Chat names: bots **red**, people **green**.

Everyone needs the newest version – the first screen shows yours.
